

Tax reclaim

We can reclaim withholding tax on your behalf from the relevant tax authorities in the countries listed below. We only do this if you are a resident of the Netherlands.

- Belgium
- Germany
- Finland
- France
- Norway
- Austria
- Portugal
- Sweden
- Switzerland

If you represent a foundation, association or church institution exempt from paying corporation tax, we can also reclaim Dutch withholding tax on your behalf. Please contact your private banker if you wish to make use of this service. We will then ask you to sign an authorisation for reclaiming the tax.

If we have agreed an all-in fee with you for our investment service, we will not charge you for the tax reclaim service. If this is not the case, we will charge the following fee for this service: 5% of the received amount, with a minimum amount of 10 euros and a maximum of 150 euros for each reclaimed amount, excluding VAT, plus any external costs. We will deduct this fee from the amount you receive.

We submit an application to reclaim withholding tax if the amount that can be reclaimed is above the lower limit. The lower limit for each dividend payment varies according to the country:

Country	Amount
Netherlands	25 euro
Belgium	25 euro
Germany	50 euro
Finland	25 euro
France	220 euro
Norway	45 euro
Austria	25 euro
Portugal	105 euro
